OUR MISSION

To produce Positive Rap (P-RAP), Singing, Dance, Theater and Spoken Word Talent Competitions/Concerts as well as produce positive "Off the Street" activities for youth ages one and up and adults as a deterrent to gang and drug involvement.

WHO WE ARE

Totally Positive Productions (TPP) established since 1993, is a nonprofit, 501(c)(3) tax-exempt organization located in Chicago, Illinois. Our organization is committed to servicing youth and adults in the Chicagoland and greater Midwest area with positive "off the street" activities. We conduct after school programs, entertainment workshops, Talent Competitions, educational and cultural field trips and other events.

OUR VISION

As an organization, we thrive on establishing a constructive outlet for youth ages seven and up and adults to grow mentally, academically and socially. We invigorate and inspire their minds to discover effective methods in harnessing their dormant and untapped potential.

Programs Offered

Community Works Crime Prevention- This Program teaches crime prevention strategies and tips to youth ages 5 and up and adults using lessons we developed from The National Crime Prevention Council's curriculum best practices.

Service Learning Project- This project involves teaching the youth etiquette and behavioral skills using our Crime Prevention Brochures (Youth and Adult Versions). These brochures help to create conversations on crime prevention and help bridge the gap between Youth and Adults, especially when dealing with crime prevention.

Talent Competitions- The Talent Competition Series is a competition series that involves competitions with youth and adults from urban neighborhoods and abroad competing for major prizes.

Educational/Cultural Enrichment Trips- We take youth and their parents (as chaperones) on an average of four (4) field trips during the summer months and weekends when children are out of school and can find themselves tempted to engage in gang-related or other destructive activities.

Community Service Hours/Court- As a nonprofit organization, we have the ability to offer youth hours needed to graduate. We also offer opportunities for individuals to fulfill their obligational community service hours.

Programs Offered (Con't)

Hunger Relief- Totally Positive Productions provides meals to youth and young adults who participate in our program sessions. The youth and adults are usually drawn from low-income and disadvantaged communities which are characterized by single parents who must work (mostly minimum-wage jobs) to make ends meet as they are heads of their families.

Love Your Community- This program is part of our Community Outreach Initiative of Random Acts of Kindness. We have distributed over 10,500 bouquet of Flowers and 1200 Vases over an 18 month period to the general public.

Adult/Youth Employment and Training Program- TPP's Adult and Youth Employment and Training Program targets Chicagoland residents from communities that have been the hardest-hit by violence. The participants are usually provided with temporary, full-time employment for a short period at Totally Positive Productions (TPP) site with the aim of achieving these documented outcomes: violence prevention, a reduction in risky behavior and increase in educational achievement.
